Description

Motiv8 exists to improve the life chances of young people. We do this to reduce the risk of offending, anti-social behaviour and disengagement from learning or employment. We believe in developing the whole person and increasing soft skills including self-confidence and self-esteem alongside delivering hard outcomes.

The core of our work is based on evidence and research based practice and a continued investment in innovation. Our vision is a society where all young people are healthy, stay safe, enjoy and achieve, make a positive contribution and achieve economic well-being
